

**Proposed Recipient:** Southeast Georgia Health System Alzheimer's and Dementia Residential Program

**Address of Recipient:** 2415 Parkwood Drive, Brunswick, GA 31522

**Amount of Request:** \$800,000

**Explanation of Request**

**Purpose:** The program will provide community education that would assist in early detection of the disease and then to provide interventions to slow the progression of the disease. This facility would provide a safe environment to provide education and focused treatment based on the program created by the Alzheimer's Association.

**Why is it a good use of Taxpayer funds:** By focusing treatment in one facility in conjunction with the existing hospital, care can be focused and reduce strain of costs on other health care facilities. The facility will focus treatment and care of these patients and remove them from Emergency rooms.
